

BEKON TOWN

Empowering citizens to shape their community's future with **Bekon town!**

Join us in building a better tomorrow, one proposal at a time.

The Problem

Ever-decreasing community participation.

Opaque government tender processes.

The community has **no say** in how tax is spent.

Missing opportunities to boost local talent.

The Solution

Community-sourced proposals.

Corruption-resistant government tender.

Transparency-first.

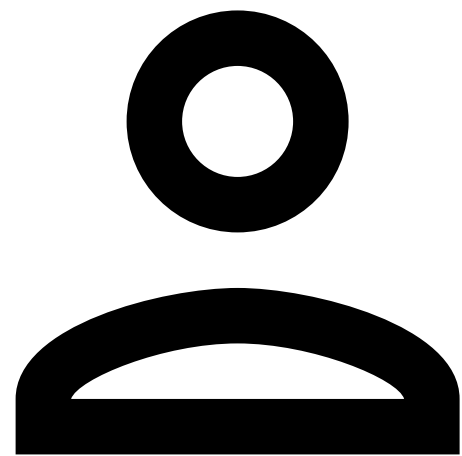

Crowd-funded projects.

Our Proposition

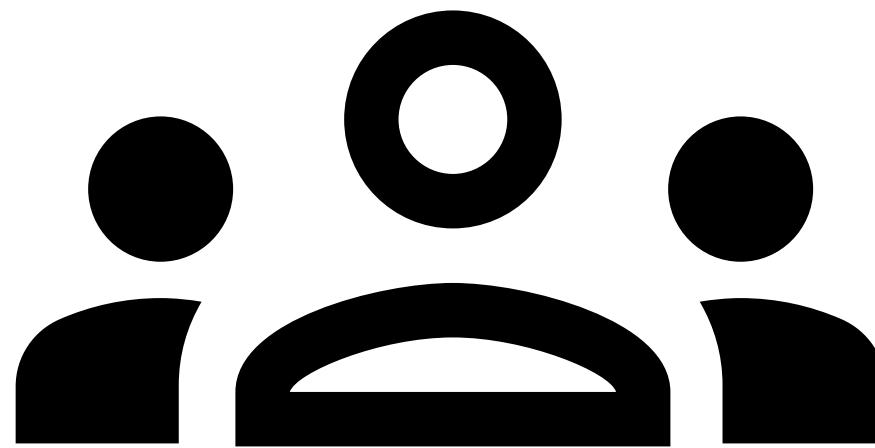

Like a **beacon illuminating** the path forward, **Bekon Town** is **revolutionizing community engagement** with its **transparent and intuitive** blockchain platform. Here, **proposals** don't just leave a trace; they act as **guiding lights**, connecting **passionate residents** with the projects close to their hearts, and **nurturing** profound **community bonds**.

Furthermore, as a beacon draws ships safely to shore, our platform allows **government officials** to **clearly align with the community**. By endorsing **proposals** and teaming up with **adept providers**, they pave the way for an **enriched quality of life** for every town and city dweller.

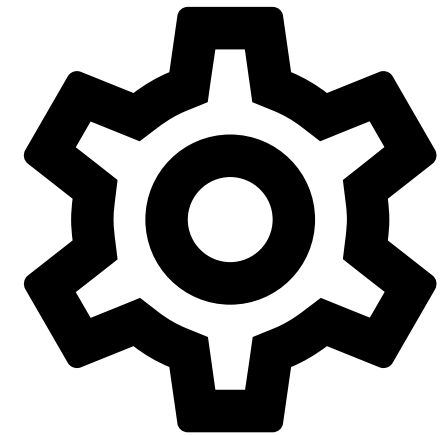

How does Bekon Town works?

Residents

Officials

Providers

1	Proposal submission Resident submits a proposal to Bekon Town.	2	Approved proposal Once Officials have reviewed and approved a proposal, it becomes publicly available on the platform, allowing Providers to present their budget propositions.
3	Voting Phase Residents can vote for Providers according to their budget submissions.	4	Donation Phase Residents donate to the winning budget to bring the proposal to life. For every donation, Residents are rewarded with community tokens, which are eligible for tax deductions.
5	Results After achieving the budget from donations, the Provider begins the work. Upon completion of the proposal, the results influence their displayed reputation status.		

Benefits

<p>Transparent Tracking:</p> <p>See the real-time status of your proposal, from submission to completion.</p>	<p>Blockchain Security:</p> <p>Rest assured with the reliability and security of blockchain technology.</p>	<p>Intuitive Engagement:</p> <p>Submit and support proposals with ease, thanks to our intuitive platform.</p>	<p>Crowdfunded:</p> <p>Unite your community by pooling resources and working collectively towards shared goals.</p>	<p>Empowerment Through Voice:</p> <p>Have a say in shaping your community's future, one proposal at a time.</p>	<p>A common good for communities everywhere.</p>
