

Privacy Policy

Welcome to **Bekon Town** (the “Platform”). This Privacy Policy outlines our commitment to protecting the privacy of individuals who use our Platform.

1. Introduction

This Privacy Policy describes how we manage, process, and store personal data submitted in the context of providing our services. Please note that the Platform operates on a decentralized architecture and does not collect or store personal data in the conventional sense.

2. Data We Collect

As a decentralized platform, we do not collect or store personal data of our users in centralized servers. The Platform operates exclusively with wallet addresses and does not require or access any personal information. However, any data you provide or transactions you make on the blockchain are public and can be viewed by anyone.

3. How We Use Your Data

As we do not collect personal data, there is no data to be used, sold, or shared with third parties. Your wallet address is solely used to facilitate transactions and provide access to the services on the Platform.

4. Data Protection

4.1. Security

Although personal data is not stored on our Platform, we employ encryption methods and rely on the inherent security of the blockchain to protect any data associated with transactions.

4.2. Data Breaches

Since we do not hold or control personal data, the conventional risk of data breaches is minimized. However, users are advised to take their own security precautions when engaging with any decentralized platforms or smart contracts.

5. Your Rights

Given that we do not collect or process personal data, there is no data to access, rectify, or delete. However, you have the right to understand how the Platform works and the public nature of transactions on the blockchain.

6. Third-Party Links

Our Platform may contain links to other websites or dApps. This Privacy Policy only applies to our Platform, so when you link to other websites or dApps, you should read their privacy policies.

7. Updates to This Policy

We may update our Privacy Policy from time to time. We will always provide the most up-to-date version on our Platform.

8. Contact Us

If you have questions or concerns about this Privacy Policy, please contact us via Twitter at **@BekonTown**
